PROFESSIONAL SUMMARY

I am a proficient MERN stack developer with a passion for building advanced, interactive websites that incorporate 3D models and animations to create immersive user experiences. Continuously exploring cutting-edge technologies, I am always eager to learn, adapt, and push the boundaries of web development. With a strong foundation in full-stack development, I strive to create high-performance, visually stunning, and user-friendly applications. Open to new challenges and innovations, I am committed to staying ahead in the evolving tech landscape.

EDUCATION

2022 - 2023	Full Stack Web Development (Full Time)
Masai School	Gained expertise in MongoDB, Express.js, React, and Node.js, focusing on building dynamic, high-performance web applications.
